\*STRIP TEASE! KARL SAYS PEEL PLEASE ▽

2 GUEST EDITORS, 2 COVERS: **KARL LAGERFELD** AND PHILIPPE STARCK

## KARL + RONAN & ERWAN

### *'Pebble' by the Bouroullecs*

Lagerfeld: 'I have almost everything the Bouroullec brothers have done. I love their seaweed. I have a beautiful piece made of it with shells and things like this. I have all the vases. There is something very poetic about them.'

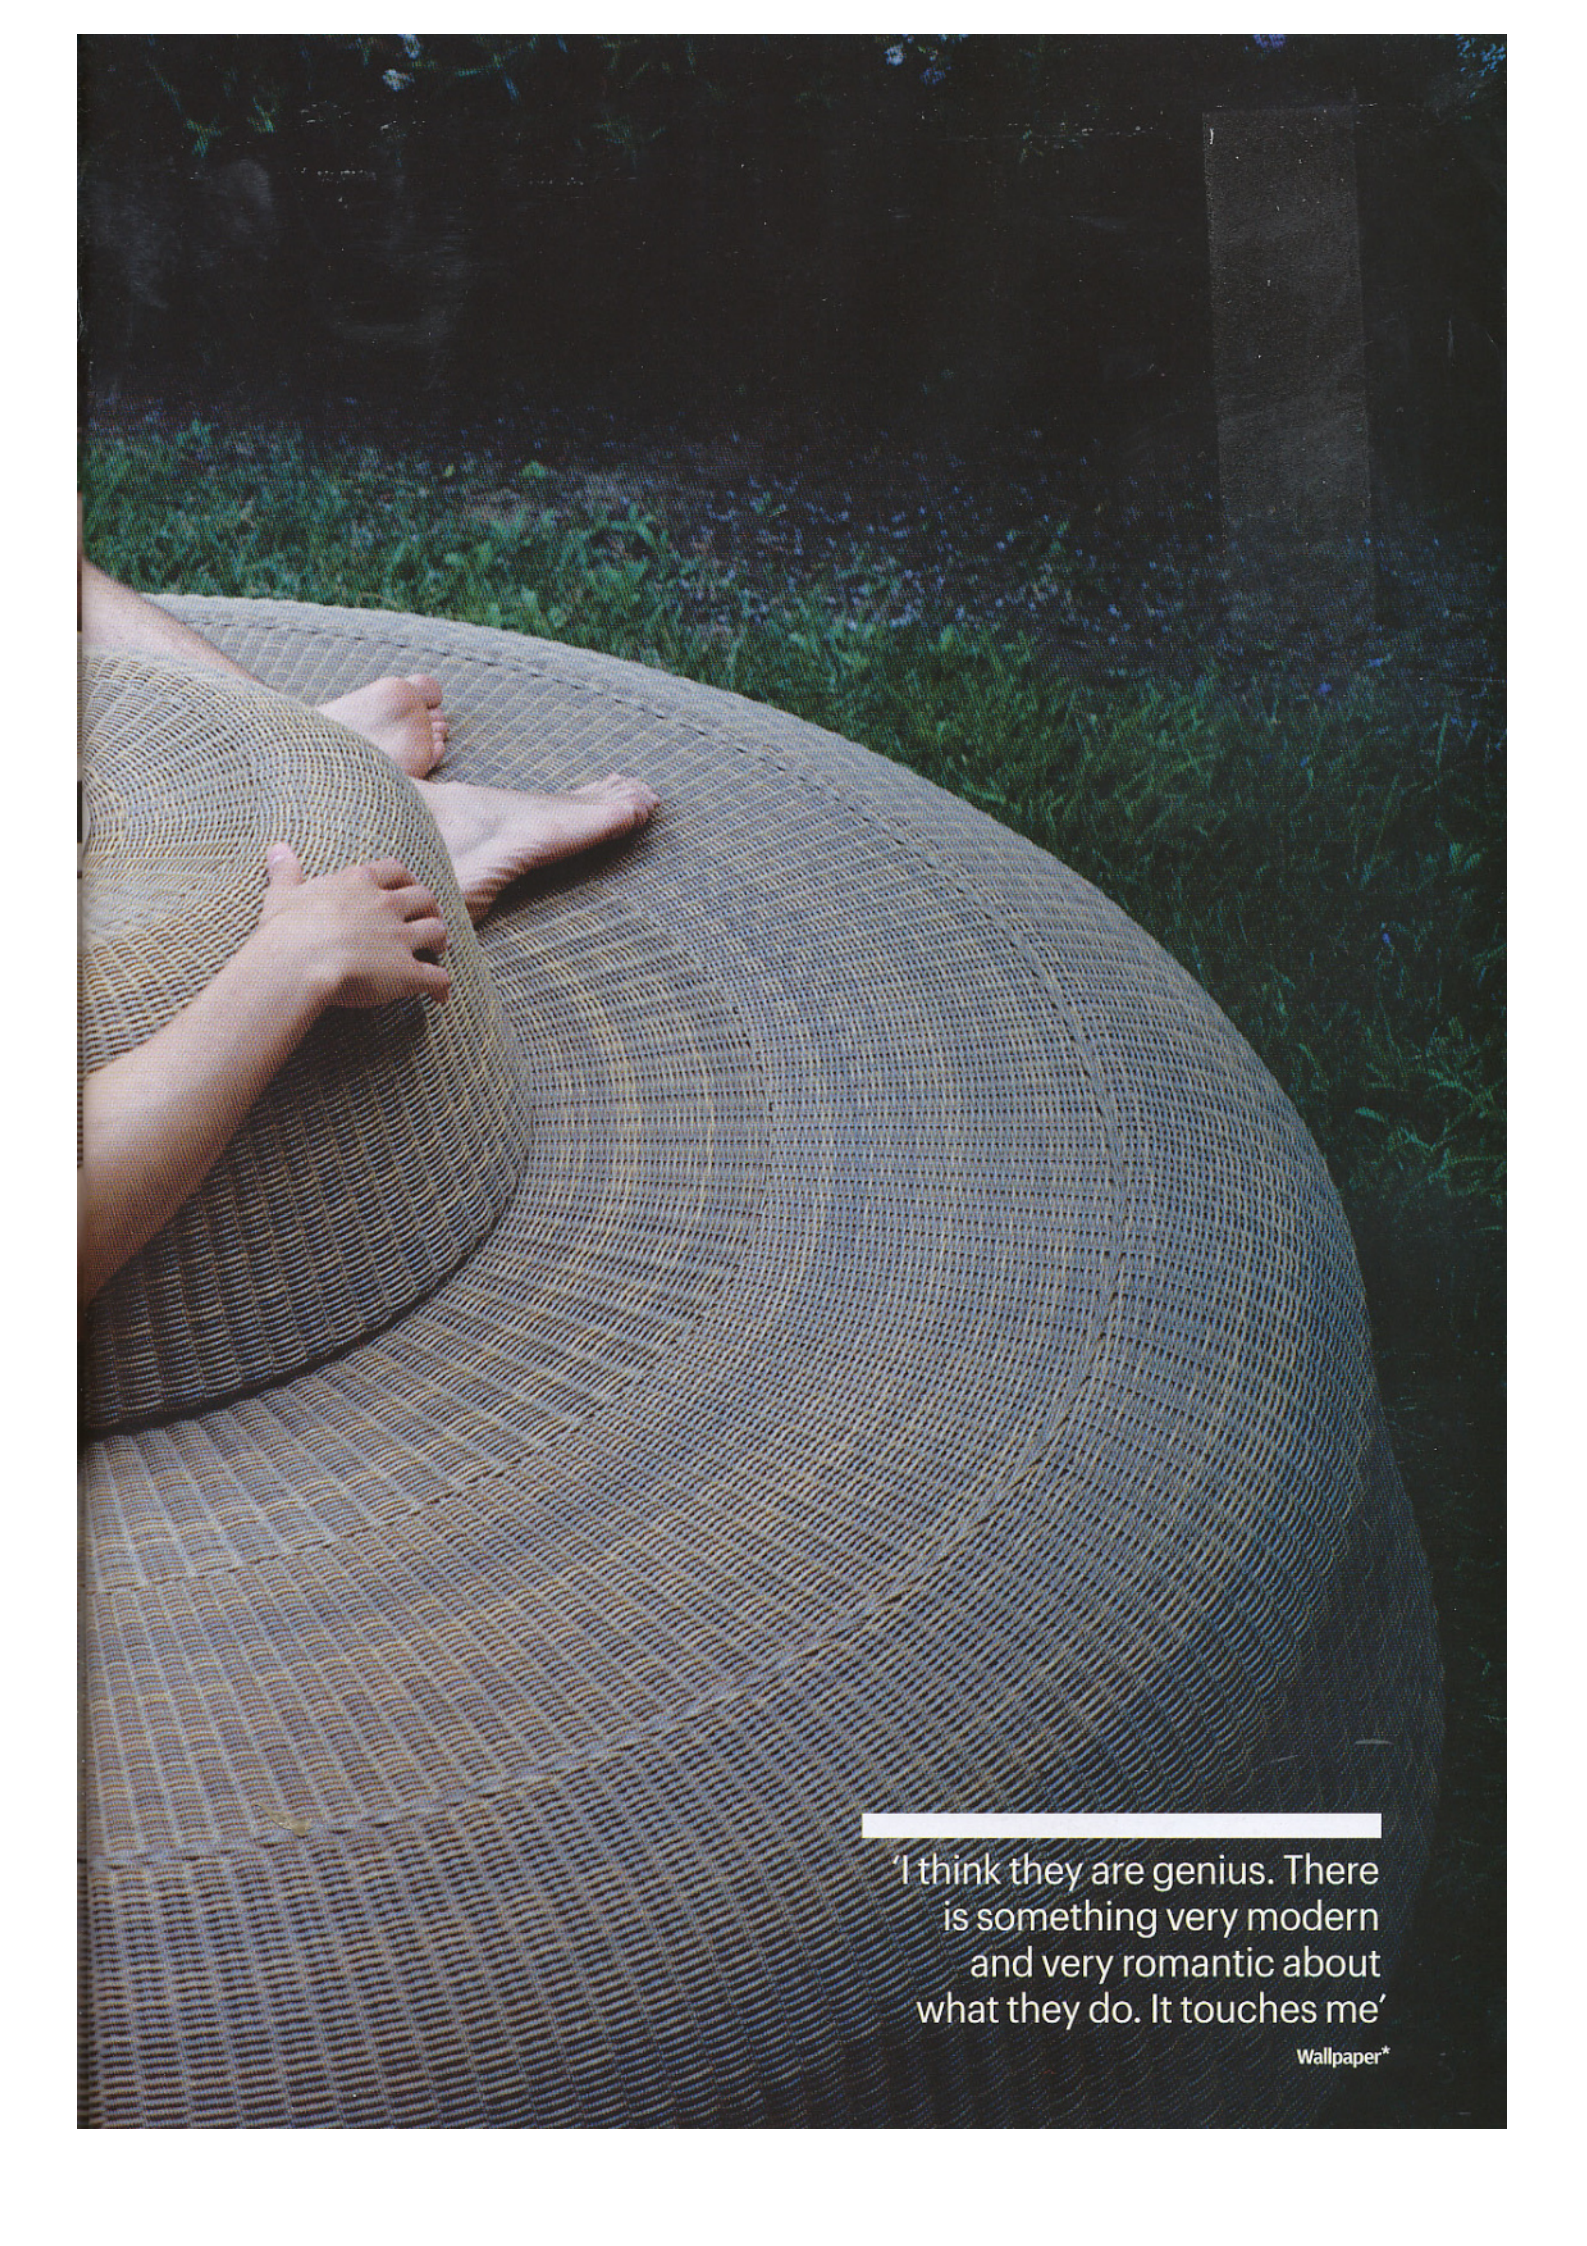

The Bouroullecs: 'The original idea for the "Pebble" project was to design a series of outdoor seats made in the shape of baskets turned upside down. They are made in the Philippines from woven resin on aluminium frames and are light and easy to transport. The pieces are made in different diameters so that they can be slotted into each other to take up less space in storage.'

*'Pebble' platform 2000, €2,490;*

*'Pebble' top platform, €550, both by Ronan and Erwan Bouroullec, for Tectona, tel: 33.1 47 03 05 05 (France)*

*Model: Baptiste Giabiconi at MGM*

'I think they are genius. There is something very modern and very romantic about what they do. It touches me'
